

DESKTOP LAYOUT VIEW

This screenshot shows the desktop layout view of a Power BI report. The main area displays several visualizations:

- Total Sales:** 119.82K
- Units Sold:** 748
- Return Rate %:** 0.04
- Total Returns:** 5

Below these are two donut charts:

- Total Sales by Category:** Technology (40.08K, 33.45%), Office Supplies (36.14K, 30.18%), Furniture (43.59K, 36.38%)
- Total Sales by SubCategory:** Paper (17.49K, 14.6%), Bookcases (17.13K, 14.29%), Accessories (11.34K, 9.46%), Binders (11.34K, 9.46%), Phones (12.89K, 10.1%), Other (14.75K, 12.31%)

Two bar charts follow:

- Total Sales by RegionName:** West (40K), East (30K), South (30K), North (20K)
- Total Sales by YearMonth:** Sales trend from May 2025 (~30K) to June 2025 (~15K)

The right side features a **Data** pane with filters and drill-through options, and a **Visualizations** pane showing available charts.

This screenshot shows the desktop layout view of a Power BI report, similar to the one above but with different visualizations:

- Total Returns by ReturnReason:** Late Delivery (18), Defective (15), Wrong Item (10), Customer Changed Mind (8)
- Total Sales by SubCategory:** Accessories (100K), Binders (80K), Bookcases (70K), Paper (60K), Tables (50K), Chairs (40K), Pens (30K), Copiers (20K)

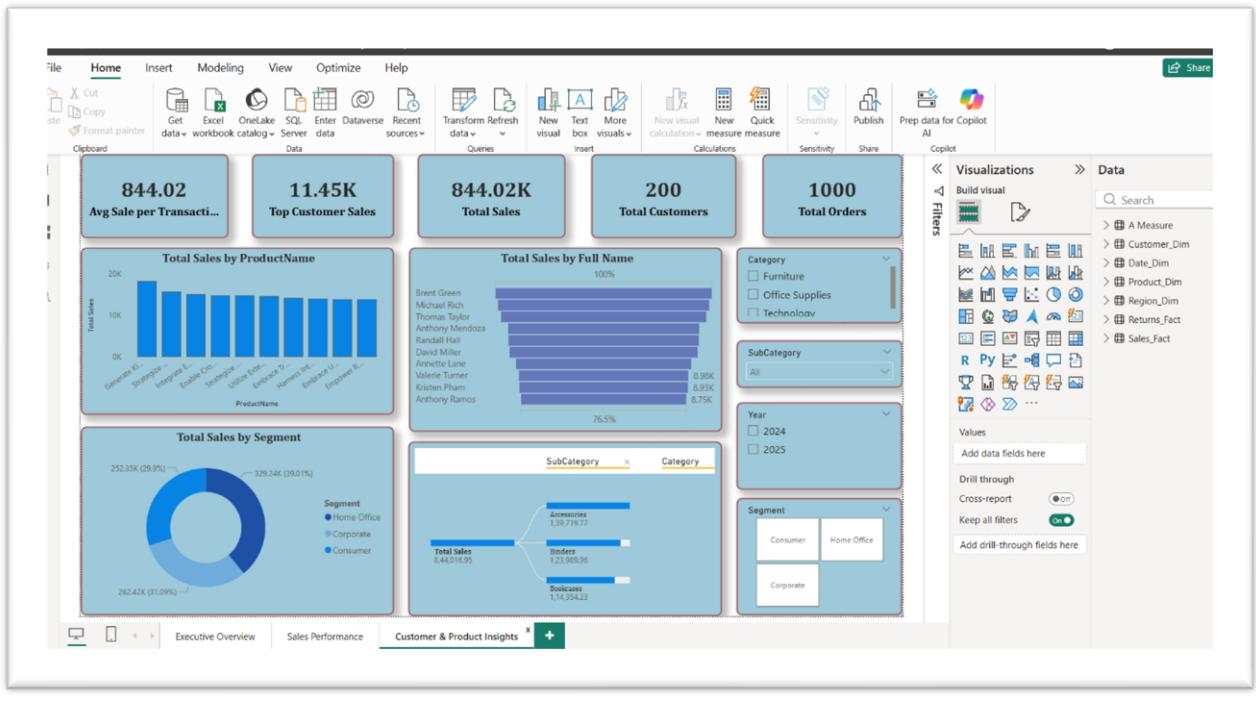

Key performance indicators are displayed:

- Sales YTD:** 373.11K
- MOM Growth:** 27.28K
- YOY Growth:** 804.33K

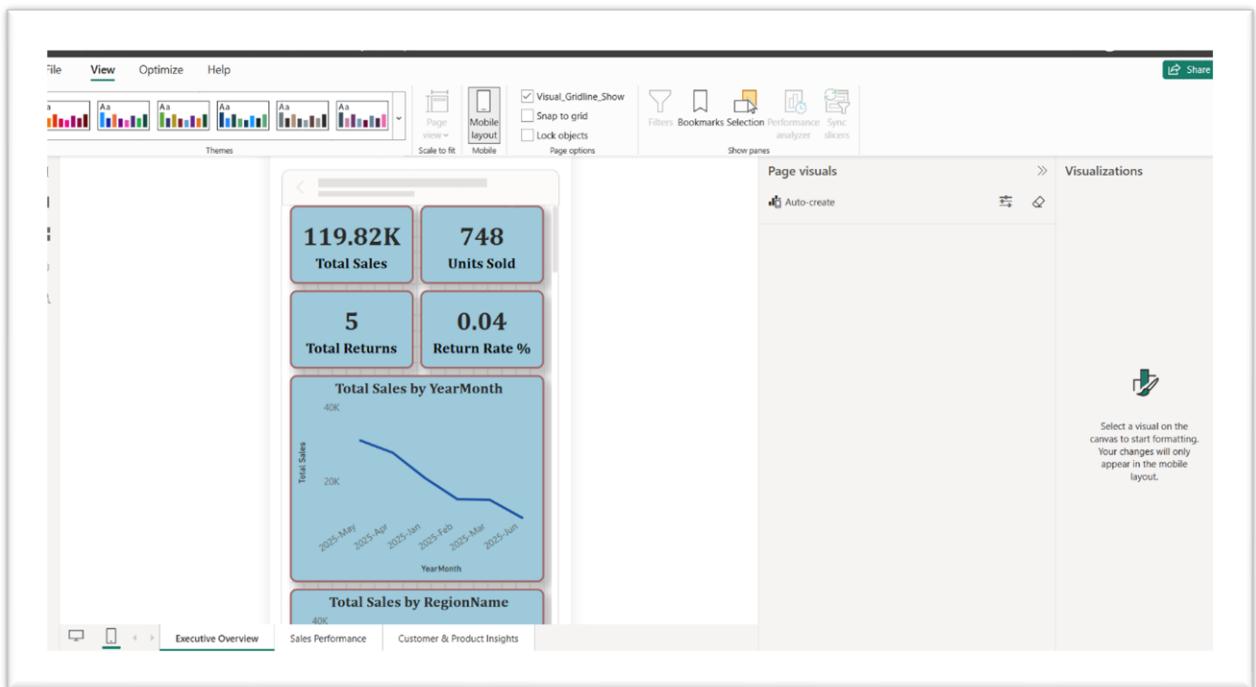

A line chart compares Total Returns and Total Sales over time:

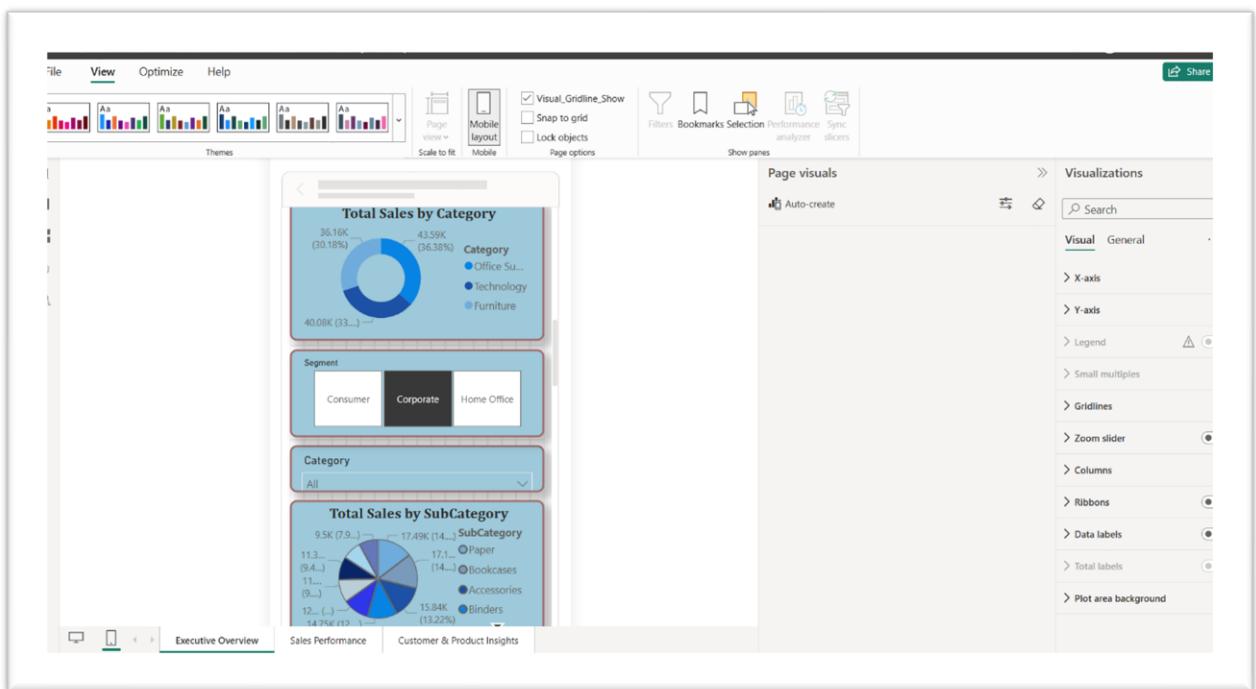

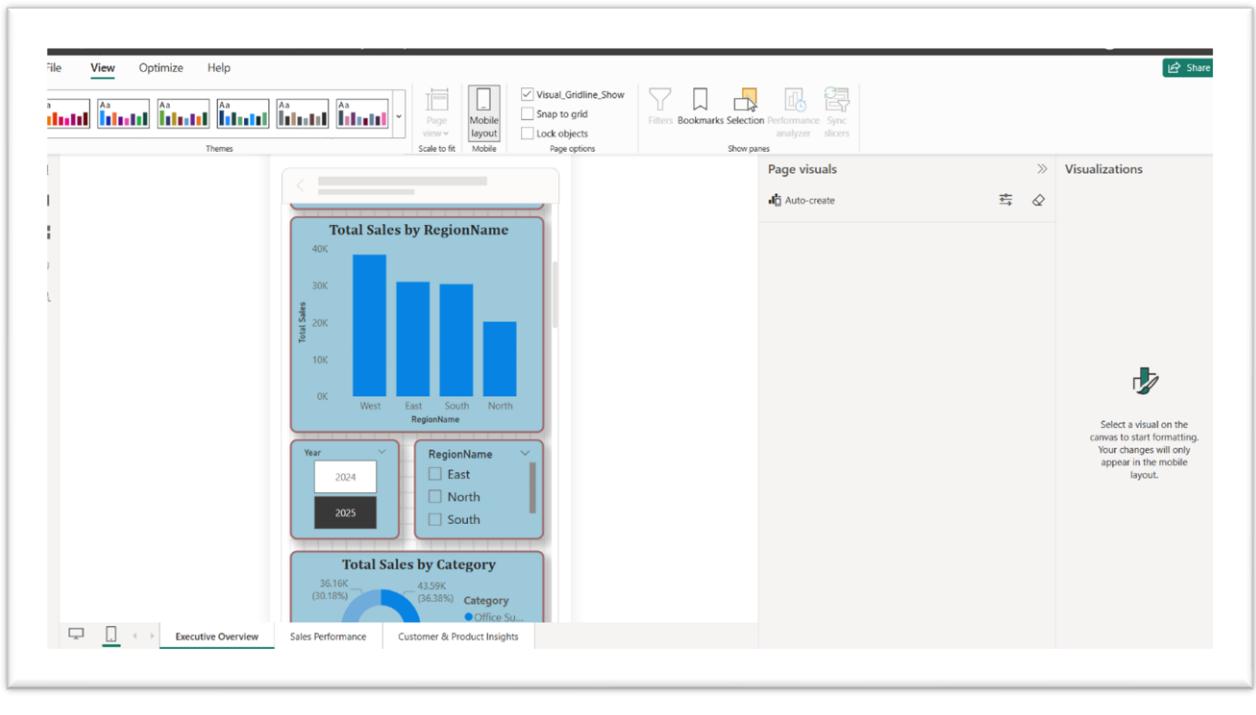

- Total Returns and Total Sales by YearMonth:** Total Sales (blue line) and Total Returns (red line) from August 2024 to December 2025.

The right side features a **Data** pane with filters and drill-through options, and a **Visualizations** pane showing available charts.

MOBILE LAYOUT VIEW

Screenshot of a mobile dashboard titled "Total Returns and Total Sales by YearMonth".

The dashboard includes:

- A line chart showing "Total Returns" and "Total Sales" over time.
- A bar chart showing "Total Sales by SubCategory" for Accessories, Binders, Bookcases, and Paper.
- Two summary boxes: "373.11K Sales YTD" and "804.33K YOY Growth".
- A section titled "Total Returns by ReturnReason" with a bar chart.

The interface shows "Sales Performance" and "Customer & Product Insights" tabs at the bottom.

Screenshot of a mobile dashboard titled "Total Returns by ReturnReason".

The dashboard includes:

- A bar chart showing "Total Returns" by reason: Late Delivery, Defective Item, Wrong Item, Custom Change...
- A table showing regional sales for Furniture, Office Supplies, and Tech.
- Two summary boxes: "27.28K MOM Growth" and a date selector for "Month" (April).

The interface shows "Sales Performance" and "Customer & Product Insights" tabs at the bottom.

This screenshot shows a mobile dashboard in Power BI. The top navigation bar includes File, View, Optimize, Help, Themes, Page view, Mobile layout, Page options, Filters, Bookmarks Selection, Performance analyzer, Sync slicers, and Show panes. The main content area displays a card-based layout with the following data:

- West: 61,465.16
- Total: 2,74,569.59
- 830.98
- 27.28K
- MOM Growth
- Month: April
- Year: 2024 to 2025
- Category: Furniture, Office Supplies, Technology

The bottom navigation bar includes Executive Overview, Sales Performance (selected), Customer & Product Insights, and a mobile icon.

- 449
- SubCategory: All
- Total Orders
- Total Sales by Full Name
- David Miller, Michael Rich, Kristen Phoenix, Randall Hall, Whitney Ha..., Jeremy Scott, Valerie Turn..., Virginia Wolf, Brent Green, Beth Simm...
- 5.26K

The bottom navigation bar includes Executive Overview, Sales Performance, Customer & Product Insights, and a mobile icon.

The screenshot shows the Microsoft Power BI mobile application interface. At the top, there is a navigation bar with 'File', 'View', 'Optimize', and 'Help' options. Below the navigation bar is a toolbar with various icons for themes, page view, mobile layout, and page options. To the right of the toolbar are 'Show panes' and 'Share' buttons.

The main area displays a dashboard titled 'Total Sales by Segment'. The dashboard includes a pie chart showing sales distribution across three segments: Home Office (28.09%), Corporate (39.8%), and Consumer (32.1%). Below the pie chart are two cards: one for 'Year' (2024 vs 2025) and another for 'Segment' (Consumer, Corporate, Home Office).

On the right side of the screen, there is a 'Visualizations' pane with a 'Page visuals' section. It contains an 'Auto-create' button and a note: 'Select a visual on the canvas to start formatting. Your changes will only appear in the mobile layout.' There is also a small icon of a person with a green checkmark.

At the bottom of the screen, there are tabs for 'Executive Overview', 'Sales Performance', and 'Customer & Product Insights', with 'Customer & Product Insights' being the active tab.
